

## Take a Closer Look...

 Fastrax delivers all of the information  
That provides the facts needed  
To grow and improve your business.

Technicians leave a  
trail of important  
information throughout  
each working day...

- Know your 'Efficiency Rates' throughout the day.
- See technician's performance and call conversion rates.
- See your billable hours sold adding throughout the day.
- Watch your earned revenue by department.
- Track your tasks sold, contracts sold, warranties sold, preventative maintenance performed.
- See your job expenses, materials used, permits pulled.
- Auto-calculate billable hour pay, commissions pay, and bonus pay.
- Get the facts you need to fix your techs before your profits are affected.

## How Close Are You Looking At Your Business?

When you use Fastrax Service Software Suite as a complete software solution for your business, you get all the answers that you need to run your business. Throughout each business day, communications between your office staff and field technicians reveal the data that you need to make important business decisions. Fastrax completely automates all of your business functions, with menus for Dispatch, Accounting, Payroll, Inventory Advertising, PM Contracts, Flat Rate Pricing and more. We have over 175 Reports to give you answers on Sold Tasks, Billable Hours, Budgeting, CSR/DSR Tracking, Technician Efficiency and Conversions, Lost Calls, Ad Revenue VS. Cost and so much more. With Fastrax you can Take a Closer look at your business.
